

Nature of Study	Year	Name of Study	Author of study	Journal
Depression	1994	S-adenosylmethionine blood levels in major depression: changes with drug treatment	Bell K	Acta Neurol Scand Suppl 1994;154:15-18A
Depression	1994	S-adenosyl-l-methionine (SAME) as antidepressant: meta-analysis of clinical studies	Bressa GM	Acta Neurol Scand Suppl 1994;154(suppl):7-14
Depression	1992	Oral s-adenosylmethionine in depression	De Vanna M	Curr Ther Res 1992;52:478-485
Depression	1990	Oral s-adenosylmethionine in depression: a randomized, double-blind, placebo-controlled trial	Kagan B	Am J Psychiatry 1990;147:595
Depression	1990	The antidepressant potential of oral S-adenosyl-l-methionine	Rosenbaum J	Acta Psychiatr Scand 1990;81:432-436
Cirrhosis of liver	1999	S-adenosylmethionine in alcoholic liver cirrhosis: a randomized, placebo-controlled, double-blind, multicenter clinical trial	Mato J	J Hepatol 1999;30:1081-10
Liver Disease	1989	Effects of oral S-adenosyl-L-methionine on hepatic glutathione in patients with liver disease	Vendemiale G	Scand J Gastroenterol 1989;24:407-415
Liver Disease	1990	Oral S-adenosylmethionine in the symptomatic treatment of intrahepatic cholestasis. A double-blind, placebo-controlled study	Frezza M	J Hepatol 1999;30:1081-10
Liver Disease	1990	Biochemistry and pharmacology of S-adenosyl-L-methionine and rationale for its use in liver disease	Chawla RK	Scand J Gastroenterol 1989;24:407-415
Joint Disease	1987	Italian double-blind multicenter study comparing S-adenosylmethionine, naproxen, and placebo in the treatment of degenerative joint disease	Caruso I	Am J Med
Osteo Arthritis	1987	Double-blind controlled clinical trial of oral S-adenosylmethionine versus piroxicam in knee osteoarthritis	Maccagno A	Am J Med
Osteo Arthritis	1987	A new medical approach to the treatment of osteoarthritis. Report of an open phase IV study with ademetionine (Gumbaral)	Berger R	Am J Med
Osteo Arthritis	1987	A long-term (two years) clinical trial with S-adenosylmethionine for the treatment of osteoarthritis	Konig B	Am J Med
Osteo Arthritis	1987	Double-blind clinical trial of S-adenosylmethionine versus ibuprofen in the treatment of osteoarthritis	Muller-Fassbender H	Am J Med
